

MSA GALLET FIREMANS HELMET

F1SF

MSA GALLET
The Safety Company

High performance helmet which protects against fire, shocks, perforations, smoke, aggressive liquids and chemical projections during fires. The F1SF integrates lamps on both sides and then becomes a new platform for different types of accessories. New 3 point fire proof chinstrap for more comfort and stability, allowing several adjustment positions. Complete with 43%gold face shield and transparent eye screen, chinstrap with automatic buckle and flexible chincup. Please ask customer services for more colour options.

Approved to BS EN Standard 443/97 Options E2 / E3
